Only you can release me
Only you can release me
One kiss from heaven
Only you can release me
One kiss from heaven
Only you can release me
Been a perfect night
Baby turn the lights down low
We've done enough talkin'
I just wanna hold you close
Your body's saying yes
Even if your mind don't know
So baby just relax
And let the feelings take control
The place is here
The time is right
I just wanna make you mine tonight
If you only knew how you take my breath away
One kiss from heaven
One kiss I'm melting baby
One touch I'm going crazy
You got me walking on thin ice
One kiss from heaven
Sweet love we're makin' baby
So close to breakin' baby
One kiss away from paradise
The intensity is too much me
Come lay beside me
There's no need to be afraid
Whatever's on your mind baby
I can melt away
No-one's gonna find us
Nothing's standing in our way
Just you and me
Is all we need
Show me a little faith
Time is on our side
Baby can't you see the signs
If we don't take this chance
It may never come again
One kiss from heaven
One kiss I'm melting baby

One touch I'm going crazy
You got me walking on thin ice
One kiss from heaven
Sweet love we're makin' baby
So close to breakin' baby
One kiss away from paradise
Only you can release me
Only you can set me free
Only you can release me
Come on, make my dream reality
One kiss from heaven
One kiss I'm melting baby
One touch I'm going crazy
You got me walking on thin ice
One kiss from heaven
Sweet love we're makin' ba
