Do,do,do,do,do
Do,do,do,do,do
Another Day, thought about you
What you ment to me
But baby I know I was wrong
For now I've found that you have gone
And I'm all alone
I never stop to listern to
The things you said to me
And now I can forget the time
I was and you were mine
It was Paradise
I hear my baby
When I'm Sleeping
Into my dreams
It stop me creeping
I know that just can't be free
Of the sweetest, tender memories of you
Got me Running back for more
You've got me running back for sure
Know what I lost
What else can I do
But could you come running back to you
You got me running
Running back for more
You got me running
Running back for more
It true that i thought i had it all
And didn't need no more
Everyday I brought you there
You'd come around my way
And you'd would stay
What about your feelings
I can give mine
The Truth i'm hiding
Deep down inside
And so do you, I will confess
But what i need is tenderness of you
Got me Running back for more
You've got me running back for sure
Know what I lost
What else can I do

But could you come running back to you
You got me running
Running back for more
You got me running
Running back for more
You got me running
Oh oh oh oh
You got me running
Oh oh oh oh
You got me running
Back for more
I hear my baby
When i sleeping
Into my dreams
It stop me creeping
I know i just can't break free
Of the sweetest tender memories of you
Got me running back for more
You've got me running back for sure
Know what i lost
What else can i do
But could you come running on back to you
Running back for more
You got me running back
Run
You got me running
Run
You got me running
Run
Cause there is no way that i would be running
It's you that i want to be talking
It's running
Running
It's running
Running
It's running
Running
It's running
Running back to you
Repeat to fade
