Written by Louise Goffin & Gerry Goffin.

Baby come 'round to me
Don't hesitate- don't analyze
I'm not too blind to see
Something is gone- I once saw in your eyes

We're drifting apart
And it makes me so sad
'Cause we can get back
The feeling we had

Baby come 'round to me
Don't turn away- don't try to hide
When you were feeling down
It was in me that you would always confide

We're drifting apart

And it makes me so sad
'Cause we can get back
The feeling we had

In all the things
We said and done
We had it all
We dreamed as one
Why can't you see
We've only begun
Baby . . . baby

Baby come 'round to me
You know I can tell what you are going through
When you were riding high
It was your love that made me come 'round to you
Now baby come 'round to me
Baby come 'round to me
