Hmmm huh huh...
Woooooo...
Yeyah...
It's Dru Down baby.
Yeyah..
Comin straight from that izno...
A.K....
No play...
Matta fact...
Listen to my... baby.

Can you feel me?
I said I'm doin' what I gotta do, stayin' true to tha crew.
Can you feel me?
I said I'm deep down and dirty, I grew up hella early.
Can you feel me?
I said I fantasize about tha dreams, havin' big fancy things.
Can you feel me?
I can still remember when I stole my first diamond ring.

O.K., I'm deep down and dirty, you heard me before,
but I'm a kick
this shit like I be kickin' in some front doors. Now popo
or five O.,
straight on that real, always been real, fifteen blocks
down tha
street from that feel. But still see niggas have got it
wrong, that
popo is five O., and that is my hoe. Come and see me
some time, bust a
(rim?) and bust a rhyme, after that I fucked that
(rimmy?), bust a
rhyme and get a dime. And lets smoke, choke, until the
break of dusk,
fuck that bitch dawn, and put that penny in my palm.
Understand this,
I roles deep in tha five, I've been down with tha five, I
gets dirty
in tha five. And do a hoo ride. Why? That is tha
question, devils be

guessin', don't question, stressin'. Livin' in tha ghetto,
hello, you
betta hear me, and if ya don't you betta really try to
feel me...

Can you feel me?

I said I'm doin' what I gotta do, stayin' true to tha crew.

Can you feel me?

I said I'm deep down and dirty, I grew up hella early.

Can you feel me?

I said I fantasize about tha dreams, havin' big fancy
thingzah.

Can you feel me?

I can still remember when I stole my first diamond ring.

Momma always told me it'd be days like this. So I took
myself to
traders and bought myself a fo (fip/hip/hit?). And some
clips, shit
was gettin' hectic, check this niggas try to wrecka, bets
and etc...

And I bet ya ya life has never been a taken like, I'm
deep down and
dirty early. But see pearly, at tha age of three, took my
ass DMV
cause my momma was deceased. I still ended up a
with tha gangsta
comin' from tha street, talkin' mentality, causin'
casualties, don't
be mad at me. I'm D.D., pimp playa O.G., born up in tha
city of tha
O.A.K.L.A.N.D., ghetto brown hustla, no sucka, serious
about my
bussiness. What is this?, now dig this, I overnite
became rich. I'm
me, not tha ordinary nigga from tha street, grew up,
threw up, to what
I wanted to be, and what I sing...

Can you feel me?

I said I'm doin' what I gotta do, stayin' true to tha crew.

Can you feel me?

I said I'm deep down and dirty, I grew up hella early.

Can you feel me?

I said I fantasize about tha dreams, havin' big fancy
thingzah.

Can you feel me?

I can still remember when I stole my first diamond ring.

It didn't matta my money was gettin' low, I'm on tha
struggle,

whatever a nigga go fo, he gots me on tha double. But
solo, cause
niggas be bitches and snitches at tha same time, but
I'm a go and get
my nine. And find these niggas who be talkin' a hell of
a lot a to
these bitches, these bitches who be talkin' a hell of a lot
a to these
niggas who be riggas, but I'm a go and hit and do a
diggum smack, a to
your ass back to tha future. Smoke super, I'm rollin' in
tha six eight
Couger, while Reugers I masta mind like Lex Luger. It
ain't no thang,
like a chicken wing, with tha (mob/wild?) fo from
(ozco?), our mission
is never impossible. Not fo me see, so fuck that O.
series, you stuck
on that screen I laugh, I'm over mescaline. Aha ha ha....
I see a
dream as a triple beam, with hella dough from a mutha
fucka, with no
cut bro...

Can you feel me?
I said I'm doin' what I gotta do, stayin' true to tha crew.
Can you feel me?
I said I'm deep down and dirty, I grew up hella early.
Can you feel me?
I said I fantasize about tha dreams, havin' big fancy
thingzah.
Can you feel me? I can still remember when I stole my
first diamond
ring.

Yeyah...
Can you feel me?
D.D...
Grew up, threw up, to what I wanted to be and what I
sing.

Can you feel me?
Can ya, can ya...
That's what I want fo you to feel me....
