[L. Hoffsten]

The burning cigarette guarded  
your mouth from me kissing you  
With your hands in your pocket declaring  
that it's all over and through  
The coldness in your eyes says  
I should have left long ago  
When the blue is gone  
When the blue is gone  
I'll go to places unknown  
The one thing I'll always remember

is your back I wanted to hold  
I know every scare, every birthmark  
the only language it spoke  
All dressed up in an armoured suit  
I know I'll never get through  
When the blue is gone  
When the blue is gone  
I'll bury the memories  
kiss them goodbye  
and give it another try
