In the morning when I wake up
as I comb my hair
I can hear my daddy saying
It's a big big world out there
While putting on my make-up
His words clinger in the air
Just use much love I gave you
That you can make it anyway

I'm so glad that I'm a woman
I And know I wouldn't trade
I know I got it made

We are the life line of mankind
And now is the time for me
Life is much a challenge
Live it day by day
You never know what's gonna happen
A what might come you way
Just stop and think about it
There is nothing we can do
We can't live without us and
We can't live without them too

Repeat
