It's another bright day in Reno
I know everything that man knows
He's the worst weatherman in town
I used to be one of them
But I quit
Now I'm getting really sick of this shit
Can you at least give me a chance
I'm ready for the dance but

I can see it clear as the skies
It really makes you want to cry
Baby when you look me in the eyes
I don't think it's no surprise
I can see it clear as the skies

It's another cold night in New York
Twirling spaghetti noodles on my fork
Thinking about the day gone past
Thinking about the times we've laughed
I used to love her
But I quit
Something that just couldn't fit
Our relationship
I am ready for the dance
So give me a chance

I can see it clear as the skies
It really makes you want to cry
Baby when you look me in the eyes
I don't think it's no surprise
I can see it clear as the skies

I'm impossible
It's reconsiderable
It's not fair
I wish I wasn't there
But I need you and you need me
Baby come back to me

I can see it clear as the skies
It really makes you want to cry
Baby when you look me in the eyes

I don't think it's no surprise
I can see it clear as the skies
