Damien:

I just wanna build a plane and be a pilot of my own
All the work and love I did has already been shown
My friends and I are new people now and we are full-
grown
We have many fans and friends and we are well-grown
Obviously I gotta leave, I may never come back again
My friends and I just wanna take a 10

Chorus

We Just wanna fly away
To the highway
We Don't wanna stay
We love you
But we gotta do what's best for us
I'm not the one to play with
We're troubled
I just wanna fly away

Mike:

I just wanna use my imagination
And dream as I walk on the seashore
With my new family and no pimps and
Crack whores
Can I get a chance to drive or fly away from this dumb
town
It's not that much people around
When is this gonna end
I wanna fly like a bird
And try to make this clear by saying

Chorus

We Just wanna fly away
To the highway
We Don't wanna stay
We love you
But we gotta do what's best for us
I'm not the one to play with
We're troubled
I just wanna fly away

Josh

Now I know that this doesn't make sense
But we wanna leave
And we have a sense
I wanna dream of the night
Thinking of everything's gonna be alright

Bridge:

We have many fans and friends and we are well-grown
Obviously I gotta leave, I may never come back again
My friends and I just wanna take a 10
Can I get a chance to drive or fly away from this dumb
town
It's not that much people around
When is this gonna end
I wanna fly like a bird
And try to make this clear by saying

Chorus Out 5x
