Here we go with all this bullshit  
Why you gotta act like this everytime I leave  
It just seems like you think I; m cheating or something  
Tell me right now  
Is it because I'm always out on the road

Now I know that I never see you that much  
But it doesn't mean that I don't think about you  
But it's over and over again  
And now I'm getting sick of it too  
I always love you but this has to stop  
I know you can't wait till the album drops  
So baby can't this end  
Cause baby here we go again

Here we go again  
I can't take this trend  
Here we go again

Look girl we gotta stop this  
I have to go  
Ok  
But I'll be back tomorrow  
You act like it's a big fucking deal  
Yeah whatever

I can't take this  
How we gonna face this  
If you wanna taste this  
Then you better wait then  
Ha

Chorus
