If I was with you till the day we're old
When we are on our way to being cold
I never found love this way
This is why we are here today
To show you
What we do
It's time to
Try one more time

If I was your best friend
Will we ever end
If I was to listen to you on the radio will you play me on
the stereo
Cause I want to kiss and hug you
It's time to
One more time

If I was to marry you till death do us part
Will you ever break my heart
If I was to make a romance with you
Would you say you love me too
Cause I need you
It's time to work this out
And tell me what this is about baby
