Girl I see your hazel eyes
It's a surprise
But I need somebody who wants me more
I'm so colorblind
I can't wait till the day I find true love
Come up above
I got the power to give you what you want
Come on baby and get some

You got your eyes on me
I got you hypnotized
You're Love struck
You got your eyes on me
I got you satisfied
You're love struck

Take a second sit down
Come on baby turn around
Take them panties off
Then we can get down
Ooh baby it's time
To lose your mind
I can't wait till the day I find true love
Come up above
I got the power to give you what you want
Come on baby and get some

You got your eyes on me
I got you hypnotized
You're Love struck
You got your eyes on me
I got you satisfied
You're love struck

Yeah I'm gonna freak you till the morning sun
Then after that we are done
