Look

We have to talk

Just listen ok?

I need to put some things off of my chest right now

Shut up and listen

Now I know you treated me wrong

And I hate you for that

But I still love you no matter what the stupid things you do

So I still need time for that

Now baby you can't explain to me

That you didn't do anything

Because I caught your ass at that party

So quit saying those dumb things

I caught you

It's over

And guess what I think I don't wanna see you no more

I just wanna know am I with or without you girl

I used to be in your world

Girl you had me in a daze

But now I have this crave on someone else

Yeah yeah on somebody else

I don't give a damn what you say

But am I with or without you

Baby I just wanna know

So baby are you gonna choose

So is this official or are you not telling me the truth

I'm not the one

So baby what are you gonna choose

Baby don't mess up this groove

It's so deep inside

I got this feeling I cannot hide

Baby let's fly

Don't get me terrified

I never wanted to leave you

But I might will

Don't try to runaway

And get yourself killed

I just wanna know am I with or without you girl
I used to be in your world
Girl you had me in a daze
But now I have this crave on someone else
Yeah yeah on somebody else
I don't give a damn what you say
But am I with or without you
Baby I just wanna know
So baby are you gonna choose

I just wanna know am I with or without you girl
I used to be in your world
Girl you had me in a daze
But now I have this crave on someone else
Yeah yeah on somebody else
I don't give a damn what you say
But am I with or without you
Baby I just wanna know
So baby are you gonna choose

I just wanna know am I with or without you girl
I used to be in your world
Girl you had me in a daze
But now I have this crave on someone else
Yeah yeah on somebody else
I don't give a damn what you say
But am I with or without you
Baby I just wanna know
So baby are you gonna choose

Don't you dare lie to me
I thought you were the one for me
I just wanna fly away
Until the day ends away
And maybe I wanna take you with me

I just wanna know am I with or without you girl
I used to be in your world
Girl you had me in a daze
But now I have this crave on someone else
Yeah yeah on somebody else
I don't give a damn what you say
But am I with or without you
Baby I just wanna know
So baby are you gonna choose
