When a man needs a woman's love so much
It can be a beautiful love story
But not all love is beautiful
This is the strangest music to make love to
Passion filled rendezvous
Heart wrenching goodbyes
A memory of love
This is the way I always wanted it to be like
It won't be
Not, Not as long
As long as you insisted on living in the past
Cause that's pain
You dig
I don't care how cool you are
We got to work together
Thought we'd be forever
It takes so many things to make love last
But most of all it takes respect
And I can't live with a man I don't respect.
No wonder you're upset
She's lovely
What is love
Darling figure
Rob is quite the man about town
There's one song in particular he used in his umm
Campaign
The phone bill is going to be enormous you know that
Everyone has a summer they want to remember
Thought we'd be forever
