Verse 1:

I could love you more and more each day for a million
years
And I'd sit around all day just crying happy tears

Chorus:

To [2: But] dance and sing my life away (life away)
And laughing with you, my darling, softly to me

Verse 2:

Orange, sugar, chocolate, hot cinnamon and lovely
things and you
And darling, you know there was really nothing else
that I could do

Bridge:

And my darling you will never know how elegant
you'll always be to me
And my darling I was so in love it was evident for
anyone

Verse 3:

To see, and I suppose they already do
And how come so suddenly everything depends on you

Verse 4:

And if I kissed you once I'd probably do it again
But then that's not so inconceivable, my friend
