--- Part I (0:00) ---

Verse 1:

Where are you walking, I've seen you walking
Have you been there before?
Walk down your doorsteps, you'll take some more
steps
What did you take them for?
There's a private in my boat and he wears
Pins instead of medals on his coat
There's a chicken in my nest and she won't
Lay until I've given her my best
At her request she asks for nothing
You get nothing in return
If you want she brings you water
If you don't then you will burn

Verse 2:

You go through changes, it may seem strange
Is this what you're put here for?
You think you're happy and you are happy
That's what you're happy for
There's a man who can't decide if he should
Fight for what his father thinks is right
There are people wearing frowns who'll screw you up
But they would rather screw you down
At my request I ask for nothing
You get nothing in return
If you're nice she'll bring me water
If you're not then I will burn

--- Part II (2:20) ---

Verse 1:

This is the time and life that I am living
And I'll face each day with a smile
For the time that I've been given's such a little while
And the things that I must do consist of more than style
[1: There are places that I am going
4: There'll be time for you to start all over]

Verse 2:

This is the only thing that I am sure of
And that's all that lives is gonna die
And there'll always be some people here to wonder why
And for every happy hello, there will be good-bye
There'll be time for you to put yourself on

Verse 3:

Everything I've seen needs rearranging
And for anyone who thinks it's strange
Then you should be the first to want to make this
change
And for everyone who thinks that life is just a game
Do you like the part you're playing

Bridge (4:03):

I see your picture
It's in the same old frame
We meet again
You look so lovely
You with the same old smile
Stay for a while
I need you so, oh, oh, oh, oh
And if you take it easy
I'm still teethin'
I wanna love you, but
Oh, oh, oh, oh, oh, oh, oh

[repeat verse 1]

This is the time and this is the time and
It is time, time, time, time, time, time, time, time,
time...
