Verse 1:

Love me for a little while  
Love me if you can  
'cause I want to be your man  
And I want to understand you  
Ah...

Verse 2:

If you try to follow, girl  
Please stay close behind  
'cause I wanna be with you  
And I wanna love you too  
Or three

Chorus:

Ah, ah, ah  
Ah...  
Ah, ah, ah

Bridge:

I don't want to waste your time  
I just want to make you mine  
Ah... whoa-oh-ah

Verse 3:

One, two, three, four, I love you  
And I always will  
'til the sun falls off the sky  
Gonna love you 'til I die  
And more

[repeat chorus]
