What is happening and I, ??????????  
Gotta go but I'll see you again  
And oh, the music is so loud,  
And then, I fit into the.....  
Crowds of people standing everywhere  
Cross the street I'm at the Slap affair,  
And here, they always play my songs,  
And me, I wonder if its.....  
From the right they come here just the same,  
Tellin everyone about their games,  
And if, you think it obsolete,  
Then you, go back across the.....street!  
Yeah  
Street!  
Eh heh eh!

(Instrumentals' Part)

When I leave now don't you weep for me,  
Ill be back just save a seat for me,  
But if, you just cant make good room,  
look up, and see me on the.....  
Moons are common seen around my town,  
Here where everyone is painted brown,  
And if, with you thats not the way,  
Lets go, paint everybody.....gray!  
Yeah  
Gray!  
Eh heh ehh!  
alright!
