I feel so lonely  
I'm all by myself  
No one to care for  
No one to care for me

I once loved a guy  
He was my prince  
Nothing in this world can ever take his place  
Because I love him with all my heart  
And I will always love him

He is the only guy that I'll ever love  
The only guy I'll ever dream of  
The only guy I'll ever talk to  
The only guy I'll ever think about  
The only guy I'll ever embrace  
The only guy I'll ever love  
My life will change because of this one guy I love  
I will love no other

This whole world crumbles at my feet without him in my  
life  
I have waited a long time  
I have searched my whole life for him  
And when I finally found him  
I gave him my heart  
But he took it and broke it

the pain I cannot take  
It's like a knife in my back  
The pain - it hurts  
I don't wanna love another again  
So I'll try to forget him

I'm not gonna love another  
I'm not gonna care for another  
Cuz I'm saving everything that I have for this one true  
love  
I'll wait for you  
I'll wait forever - for you only  
I love you
