Well you know it's true you think that you can stop me  
But I'll say it too don't think that you can drop me  
So just step in line I really really want ya  
But don't take your time unless you really really wanna

Don't think that you can stop  
Me now cause there's no way that you could figure me  
out somehow  
And it's not right  
Don't even try to take a step to the right back it up and  
drop it out

I can't wait for you no time to be back trackin  
Cause your time is through it's time to turn it back in  
So just step in line there's still a chance I want ya  
But don't take your time unless you really really want ta

Don't think that you can stop  
Me now cause there's no way that you could figure me  
out somehow  
And it's not right  
Don't even try to take a step to the right back it up and  
drop it out

This is how you do it  
Right here  
Pull your partner  
Close near  
Make sure your wheels are on so you can steer  
Pull it out and take it to the next gear

Now take a step to the right back it up and drop it out  
A step to the right back it up and drop it out  
Do it with me... take a step to the right back it up and  
drop it out

Wow you all are doing faboulous, faboulous

Don't think that you can stop  
Me now cause there's no way that you could figure me  
out somehow

And it's not right  
Don't even try to take a step to the right back it up and  
drop it out
