Help me find a reason

Help me find a reason
Before my judgment day
To make some big, big money
So's I can run away

Good God what's the miracle
In this killing game
Help me see the big picture
Put my ego to shame

Hey, hey, hey
Before my judgment day
Hey, hey, hey
Before my judgment day

Caroline and kisses
I want to taste that again
In a room full of mirrors
I want to do that again

Good God what's the reason
For this killing game
I only want everything
Help me get that again

Hey hey hey
Before my judgment day
Hey hey hey
Before my judgment day

Hey hey hey
Before my judgment day
Hey hey hey
Before my judgment day
