Me and the motorcycle
Me and the motorbike
We just running around
My feet are off the ground
She's not gonna let me down
She's not gonna let me down

Me and this motorcycle
Me and this motorbike
You don't go too fast
You just set me free
It don't go too fast
Just let me out
Let me out

AHHHH - Motorcycle
AHHHH - We are free

I feel warm inside
On the motorbike
The wind is all around
On the motorbike
We are free
The motorcycle and me
The motorcycle and me
The motorcycle and me
