The weekend comes and there's not a lot to do im
cherry pickin
But you gotta get up gotta get up and call some body
Why? because your time is tickin

Hey did you forget i think it's only been about two
minutes
Two minutes what's that you say?
There's a party goin on today
Are you sure about that?
Oh yes i am bout as sure as 10 kilos in a gram
Move it up, sell it, hit the block
Leave you dead...clear...shock

The partys hardly started and you're on your way
departed
Got your drink on get retarded and just try not to get
carded

Where did all these people come from it's like a music
video get out the
Camera
You gotta get up gotta get up and move you body
Can you move your body? can ya?

Hey move to the left now move to the right tell me
what's the next step
Do the hustle, now that's that bring it on up and step it
on back
Hey tell me what's that sound, the roofs caving in
everbody get down
Turn the bass up please...that's better

The partys hardly started and you're on your way
departed
Got your drink on get retarded and just try not to get
carded

(let me hear the girls)
Ooh ooh i like it daddy like it when you throw it at me
(i know you do)

Ooh ooh i like it daddy like it when you throw it at me
(now the guys)
Oh my gosh i feel it in my toes
Its not even close to over, we could go for days

The partys hardly started and you're on your way
departed
Got your drink on get retarded and just try not to get
carded
