This is no ordinary girl  
Ain't got no jaded feeling  
Behind the foolin' lies the strength  
For a vision to come, I must come clean

And it's a bad, it's a bad, such a bad state of affairs  
That she holds in the palm of her hand  
And it's a bad, it's a bad, such a bad state of affairs  
I hope she can understand it

This is no ordinary girl  
I ain't got no jaded feeling  
This is no ordinary girl  
She jokes as she stares at the ceiling

Deep down, you're drowning, I can see the tears  
Deep down, you just don't have a clue  
How's a crippled man inside?  
How's the hopeless Mister Blue?

This is no ordinary girl  
I ain't got no jaded feeling  
This is no ordinary girl  
I ain't got no jaded feeling  
This is no ordinary girl  
I ain't got no jaded feeling
