Look at me, look at you  
Searching for the purest blue  
It's a thirst so hard to quench

And we're waiting  
And we're waiting  
And we're waiting  
Occasional showers never drench

We're waiting for the flood  
We're waiting for the flood  
We're waiting for the flood  
We're waiting for the flood

We're waiting for the flood  
We're waiting for the flood  
We're waiting for the flood  
We're waiting for the flood

Take a glimpse behind the veil  
Set your sights upon the grail  
Then have it taken from your hands

And you're waiting  
And you're waiting  
And you're waiting  
All your colors turn to pale

Seems all that we get here are showers  
Take a look at all the flowers  
Relying on the showers

For their life's blood  
For their life's blood  
For their life's blood  
Bet that water sure tastes good

We're waiting for the flood  
We're waiting for the flood  
We're waiting for the flood  
We're waiting for the flood

We're waiting for the flood  
We're waiting for the flood  
We're waiting for the flood  
We're waiting for the flood
