Move your lazybones
You've got a burden of proof
Prove it to yourself
Find out the truth
There are no tears in our eyes
That were no already cried
I'll be there tonight
Waiting for you
We'll set sail on when the seas are rough
And we'll twist and turn on the axis of love
Call it foolishness
Call it cowardice
But I'd sell all my secrets
Just to touch your lips
Honey, I've just dawned
On what the night has pawned
You may be scared
But you're not alone
We'll set sail on when the seas are rough
And we'll twist and turn on the axis of love
You might say
I'm just smouldering after the fire

We can't just succumb to
The deception of desire
But if you'll only hear me out
Might I make a suggestion?
Listen to your heart
Don't ask questions.
We scratch and bite
Through what we can't say
But I feel tonight
We could find a way
I don't know what I'll do
If I can't see you somehow
Come to me
Rescue me now
We'll set sail on when the seas are rough
And we'll twist and turn on the axis of love
The world falls apart tries to break your heart
But we always seem to find hope in the dark
Together we can raise Cain

Together we can raise Cain
