Sloppy Joes, ten dollar bucket  
Who's got a zig-zag, I got the chum  
Cover band playing Lyle Lovett  
And you and me the only ones singing along  
Body like smooth sun kissed heaven  
And Jesus fish there on your wrist  
Drop a penny in my '77  
You say a prayer and I'll make a wish

I'd love to get you out of this bar  
Right into the seat of my car  
Girl we don't have to look that hard  
To find a little moonlight, baby it's alright  
No, it don't matter where we go  
Just long as I can hold you close  
Kiss your lips, get you thinking about  
Maybe turning them blue jeans inside out

I can tell, I got you thinking  
Leaning in ready to roll  
Let's put these city lights in the rear-view  
Give me the green light smile and let's go

I'd love to get you out of this bar  
Right into the seat of my car  
Girl we don't have to look that hard  
To find a little moonlight, baby it's alright  
No, it don't matter where we go  
Just long as I can hold you close  
Kiss your lips, get you thinking about  
Maybe turning them blue jeans inside out

I can't wait to get you out of this bar  
Right into the seat of my car

I'd love to get you out of this bar  
Right into the seat of my car  
Girl we don't have to look that hard  
To find a little moonlight, baby it's alright  
No, it don't matter where we go  
Just long as I can hold you close

Kiss your lips, get you thinking about  
Maybe turning them blue jeans inside out  
Yeah

Maybe turning them blue jeans inside out
