Well I gotta catch my breath
When I see you walking in
You're crawlin back in my head
Stealing the oxygen

And everyone else in here
Disappears, but the two of us
And the room starts to spin around the chandelier
In the buzz of the crowd I can feel the rush
'Cause you're clouding up my atmosphere

Everybody's got somebody who gets them the way you
got me
I still want you, I can't stop me

Girl, I wanna run right to ya
Then I wanna run away
Girl, I gotta hand it to ya
You know how to make me pay
Girl, I wish I never knew ya
'Cause every time I see you standing there
Oh, feels like I'm runnin' out of air

You're hitting me like a wave,
You cover me in the crash.
I'm drowning in what you say,
It's taking me under fast.

As you're taking me down the hall you make it easy for
me to forget
'Cause you're saying everything you know I want you to
say
I'm getting in deeper the darker it gets,
The lights go out as the surface fades.

Everybody's got somebody who gets them the way you
got me
I still want you, I can't stop me

Girl, I wanna run right to ya
Then I wanna run away

Girl, I gotta hand it to ya
You know how to make me pay
Girl, I wish I never knew ya
'Cause every time I see you standing there
Oh, feels like I'm runnin' out of air

I still want you
I can't stop me

Girl, I wanna run right to ya
Then I wanna run away
Girl, I gotta hand it to ya
You know how to make me pay
Girl, I wish I never knew ya
'Cause every time I see you standing there

Girl, I wanna run right to ya
Then I wanna run away
Girl, I gotta hand it to ya
You know how to make me pay
Girl, I wish I never knew ya
'Cause every time I see you standing there
Oh, feels like I'm running out of air

Running out of air
Running out of air
