Girl your hand brushing mine
Shouldn't be no big deal
But when it does, I can't deny
How it makes my heart feel

You've got my imagination
Runnin like a freight train
On a downhill track
Straight into the deep end
Of a feelin and I know
It aint coming back

I've been thinking of you
An how it'd feel to brush your hair back from your eyes
And kissing you
Way over that line
To find out how good it could be
I've been thinking of you
And me

Now I don't want to go and
Make things complicated
And keeping you as my best friend
Would be okay but
What if everything we ever wanted
Was a whisper and a touch away
I'd rather risk it knowing
Oh then be a fool forever
And never say

I've been thinking of you
An how it'd feel to brush your hair back from your eyes
And kissing you
Way over that line
To find out how good it could be
I've been thinking of you
And me

I've been thinking of you
An how it'd feel to brush your hair back from your eyes
And kissing you

Way over that line
To find out how good it could be
I've been thinking of you
And me

Oh, I've been thinking about you
