

## **Love As Laughter "In Amber"**

I was in amber  
Did you see me when I melted down?  
Did you see me when I stuck to the ground?  
Will you love me when I get out?

I was concreted  
Did you see my head stick out the ground?  
Did you like me as a statue?  
Will you love me when I break out?

I was all frozen  
Did you see me as the snow man?  
Did you like me at the pop cycle stand?  
Will you love me when I thaw out?

I was held back now  
Did you see the rope I tied around?  
Did you like me when I was spell bound?  
Will you love me when I break out?
