She
Loves me away
When I'm sad
To get a hole
Like noone else can do

And all
My child life
Bitterness
Tangled envy
He'd fake it if he could be

And we'll
Call the night sky
Stolen memories
As they fake

There's a key
To open up
Your mind!
I can see
Your mind!
I can see
Your mind!

If
You can float
Get that feeling
I know that feeling
Sometimes lifes too old

And then
Save our hard love

Passionate
Pain it comes
Sometimes it hurts like hell

And will
We find that meaning ?
Feeling numb
Feeling cold

(I doubt these lyrics are right,
but it was the best I could do trying
to understand what he was saying)

There's a key
To open up
Your mind!
I can see
Your mind!
I can see
Your mind!
I can see
Your mind!

I can see
Your mind!
I can see
I can see your mind
