"KIRARI" hikaru yume o taisetsu ni dakishimete
ippo-zutsu aruite yukoo ashita e to

"sparkle," glittering, dreams, I embrace them dearly.
I'll walk, step-by-step, towards tomorrow.

Ah iro toridori no machi ni
Ah egao de aisatsu shite hashiridasu

Ah, in the streets of various colors,
Ah, I greet you with a smile and then start running.

moshimo bukitsukeru kaze ga tsumetakutte mo
omoikiri ketobashi PATto tobikoeru no

Even if the wind blows against you is cold,
with all your strength and a sudden kick-start, you'll
jump overit.

"KIRARI" hikaru ima o taisetsu ni dakishimete
subete ga suteki na takaramono
kiboo terasu taiyoo itsu made mo kokoro ni
ippo-zutsu aruite yukoo ashita e to

"sparkle," glittering, this instant, I embrace them
dearly.
Everything is a wonderful treasure.
The sun that shines on my wishes is always in my heart.
I'll walk, step-by-step, towards tomorrow.

Ah mawaritsuzukeru machi ni
Ah egao de te o huttara hashiridasu

Ah, in a circular road,
Ah, I smile and when I waved my hands, I start running.

moshimo surechigau kaze ga iziwaru de mo
omoikiri butsukari satto norikoeru no

Even if the wind that passes you is unkind,
with all your strength and a quick strike, you'll climb

overit.

"KIRARI" hikaru kisetu taisetsu ni dakishimete
subete ga suteki na takaramono
sora e noboru taiyoo itsu made mo kokoro ni
ippo-zutsu susunde yukoo ashita e to

"sparkle," glittering, seasons, I embrace them dearly.
Everything is a wonderful treasure.
The sun that climbs over the sky is always in my heart.
I'll advance, step-by-step, towards tomorrow.

"KIRARI" hikaru yume o taisetsu ni dakishimete
subete ga suteki na takaramono
mirai egaku taiyoo itsu made mo kokoro ni
ippo-zutsu mukatte yukoo ashita e to

"sparkle," glittering, dreams, I embrace them dearly.
Everything is a wonderful treasure.
The sun that paints the future is always in my heart.
I'll face and go, step-by-step, towards tomorrow.
