Haru san-gatsu machi mo hito mo nurikaerarete  
achi kochi hora! PINKU ni kiro hana hiraku koro

Spring in March, the streets and people have been  
painted,  
there, here, look! The place where pinkish-yellow  
flowers opens.

kataomoi wa kakushitete mo iro ni de ni keru  
nayamu kai mo nashi ne  
Let's smile and go!

Even the unrequited love in hiding has their colors  
come out and  
there aren't even any worries, right?  
Let's smile and go!

[1]hitori kuchibue de jitensya kogu sakamichi  
BYUN to kasoku shite kaze ni naru  
kitto itsu ka kimi to kono michi o arukoo  
sakura hanahubuki da

Whistling by myself and on the hill I rode up with a bike,  
with a "whoosh" I accelerate and become like the wind.  
I will certainly walk with you on this street someday.  
It's a sakura flower snowstorm.

itsu no mani ka kawatteku wa me ga samete iku  
watashi no naka kinoo yori mo nani ka shitteru

All of a sudden, something changes and I gradually  
wake up.  
Inside of me, there's something I know more of than I  
did yesterday.

tameiki yori sinpai yori kokoro no mama ni  
kimi mo genki dasite  
Let's smile and go!

As it is in my heart, it's above sighs and worries,  
You'll also show high spirits.  
Let's smile and go!

datte kokoro no naka egaku yume ga aru nara  
BYUN to kasoku shite kakekedasoo  
kitto itsu ka yume o tukamu syunkan ga kuru  
sore wa nante suteki

However, as long as there's a dream that draws inside  
my heart,  
with a "whoosh" I'll accelerate and I'll break into a  
sprint.  
The moment I catch that dream will certainly come  
someday,  
how wonderful that would be.

motomete mitsukete ushinatte wa mata sagasu  
owari no nai tabi kibo wa tsuzuku tsuzuku...

I request, look for, and again find losing.  
The never-ending journey; a hope that will continue on  
andon...

Ima wa

Right now

Repeat [1]

kokoro no naka egaku yume ga aru nara  
da kedo saki ni wa saki ga aru  
kitto yakusoku yo motto motto suteki ni naru  
sakura hanahubuki da hanabuki da sakura hanabuki yo

As long as there's a dream that draws inside my heart,  
however, it's beyond the horizon.  
It's certainly a promise! It'll be more and more  
wonderful.  
It's a sakura flower snowstorm. It's a snowstorm. It's a  
sakuraflower snowstorm!
