(From) the instant I woke up there was high tension.  
The stomach goes "GUUUUU" Is the meal ready yet?  
I kick myself off the bed and when I opened the  
window, I want to yell out that everything's great.

What I love is called "love." To be able to say that  
is important.  
Let's do it. Take the plunge and do it!

Heat Up Up, Heat Up Up Girl!

Heat up girl! An optimistic character. In the midst of  
an explosion,  
a red hot dream! Life is (full of) great situations.  
Heat up girl! The heart is hot and furious and seems to  
burn.  
Heat up up, heat up up girl!

A bath alone in the hot springs, is the worst thing in the  
world. Cut your hair and tie it up,  
let's do our best to play today! If you scratch yourself,  
it's okay to just use spit.

It's unhealthy to keep holding back built-up energy  
within your body.  
It's bad to not let it out.

Heat up girl! The wild instincts. In the midst of an  
eruption,  
a red hot dream! There's only one life.  
Heat up girl! Let's life our hearts with strength and  
pleasure.

The truth is that it's unreasonable to be in a room  
feeling lonely. Heat up girl!  
With a shot of your fighting spirit, you won't go in. Heat  
up girl!  
Put one hand on your hips and drink the milk in one  
gulp.  
Do your best!
