Mado o akereba soto wa aozora  
kyoo mo genki da arigatoo  
yane ni noboreba nagame no haruka  
mada yareru yo to koe ga suru

It's a clear day outside when I opened the window.  
I'm fine, thank you.  
The distant scenery when I ascended up to the roof.  
I can still do it, I say.

haru no sakura no shita manatsu no ano hanabe  
itsu de mo kimi ga ite yume wa Marriage

Under the sakura (threes) of spring, the midsummer  
beach,  
Whenever you're here, (our) dreams marry.

kyoo mo ikimasu doko made mo  
hitotsu yamakoe mata umi koete  
baatto sekai ga LOVE LOVE hirogaru

When things are going smoothly and when this fall  
apart, show a fighting spirit.  
I'll go today too, wherever.  
A mountain crossing, and again crossing the ocean,  
A world of love will spread.

KYUN na serihu no hitotsu ya hutatsu

One or two words of my heartbeat,  
I wonder if you remember them.  
During the painful times let's remember.  
That smile which wets the heart.

A romantic autumn, an enjoyable Christmas.

A passage of love that everyone dreams about.

The whereabouts of the dreams that won't go straight.  
This pulsation is forever.  
A mountain crossing, and again crossing the ocean,  
A world of love will expand.

Memories will always cheer for tomorrow  
Certainly, certainly, you can go.  
Tomorrow will also be bright, right?

umaku iku mo kudakeru mo kiai o irete  
subete o kakete kyoo mo iku  
yume o tochuu de owarasemasen

When things are going smoothly and when this fall  
apart, show a fighting spirit.  
I'm risking everything and am going today.  
I won't make the dream stop halfway.  
I've given myself up to your love.

Beause it's not straight-forward, it's surely wonderful.  
This pulsation is forever.  
A mountain crossing, and again crossing the ocean,  
A world of love will jump.
