I'll try to think on my feet and come up with a better
plan
But I don't think
I can stand
So get out the message any way you think you can
If we get out
let's make out

And if we die
I won't mind 'cause I know I loved you

And if
we live I won't let you go

The fire's burning bright, but we can burn
brighter
We're better than fire
We're better
And I don't wanna die, but I
wouldn't mind it
I just have to find you
I just have to find you

If you
get out alone, don't bother to leave a trail
I'll follow your scent
And if my
throat is dry, just one sip and it's a hundred miles
I will see you smile again
