I still feel the same and that's okay
I am not ashamed of loving you
if you don't love me anymore, I can move on
but I'll hold a place for you in my heart
I'll hold a place for you in my heart

because I'm so happy to be alive
but I know sunsets will never look the same
and moonlight reflecting the oceans waves
won't affect me the same way
now that you're gone
but I'll have a fresh view without you
I'm just grateful to have had the chance to be with you
I'm just grateful to have had the chance to be with you

I feel my life is too short to waste on self-pity

I tried my best with you and I'm sorry it wasn't enough
but I tried and I know that's a step for me

I have so much growing to do and the future scares me
too

I have so much growing to do and the future scares me
too
but I have faith and trust to remain optimistic
so take my hand and let's run into this beautiful
unknown
