First step, you gotta make yourself vulnerable, without a doubt

You gotta make yourself vulnerable
Next step you gotta make yourself noticeable without a
doubt you gotta make yourself noticeable
Don't take this the wrong way but I've been wanting,
waiting, to get further into you, further into you
It's just a matter of time before I am exactly where I
want to be and I'm pretty sure your doubt me I'll just
brush it off my sleeve, oh c'mon your games are
getting old and everything that I've been told just
makes me...

Wanna hold everything against you including my body, my body, there's only so much that it can do for me it's natural, it's only natural (x3)
