If you were like me, me, me
You'd know how I feel,
It's easy to be sexy, sexy, sexy
It comes so naturally

I'm going to the party, cameras are flashing
Everybody's watching me
I'm going to the party, rumors all around me
Get ready for a crazy night
I am rocking the club like a thunder, thunder
My eyes are on you like a hunter, a hunter
The dj's playing much louder, louder
Wanna see you dance now

[Chorus]
Rocking the club, rocking the club,
Rocking the club, rocking the club,

I'm feeling so alive, live, live
When I start to dance
It's easy to be sexy, sexy, sexy
It comes so naturally

I'm going to the party, cameras are flashing
Everybody's watching me
I'm going to the party, rumors all around me
Get ready for a crazy night
I am rocking the club like a thunder, thunder
My eyes are on you like a hunter, a hunter
The dj's playing much louder, louder
Wanna see you dance now

[Chorus]
Rocking the club, rocking the club,
Rocking the club, rocking the club.
