The cheap politician got his way, and there's nothing
you can do
His appealing nature wants to play, and he's ready to
pursue

So take a step back 'cause you want nothing to do with
this
Single-handedly proving, and constantly moving with
closed fists

This is nothing new the second time around, 'cause
he's said it all before
Ever changing, nothing new this time around
His lies swept up on the bedroom floor

So take a step back 'cause you want nothing to do with
this
Single-handedly proving, and constantly moving with
closed fists
Single-handedly proving, and constantly moving with
closed fists

His bags are packed full of broken pride, and it's just
another day
It's just another day
So take a step back, take a step back away from me

Shot down from the watch tower, longing for new-
found power
'Cause that politician got his way, and there's nothing
you can do

So take a step back 'cause you want nothing to do with
this
Single-handedly proving, and constantly moving with
closed fists

His bags are packed full of broken pride, and it's just
another day
He said, it's just another day
