Time has come, my son
To open your eyes
To watch your last dawn
To leave your peacefull dreams behind

The deepest silence, as only guide
We have to walk toward the wall
Of your destiny

The stone of your last breath
Try not to understand
The very essence of my will
You'll never hear the voice I hear
You'll never feel the purity of my sphere

Ton monde n'est plus le miens. EmpoisonnÃ© par une
intempestive luciditÃ©,
je ne ressens plus que crainte et tremblements

I only see pure innocence
I am alone, linked to the words of god

Take my life, don't weep a tear
I am yours and my soul will remain in your heart

The clearness of the sun is paler than the moon
I have to shed the blood of my son
The clearness of the sun is paler than the moon
The flame in my eyes slowly fades away

The darkness in my heart is colder than the night
I have to hold my knife
The darkness in my heart is colder than the night

I have to take his life

Loneliness in my life is stronger than the steel
I have to obey cause
I belong to him Loneliness in my life is stronger than
the steel
I am the only one, hearing his voice

Bend your head, don't say a word
Forgive me son, my faith can't be broken

I bend my head, I don't say a word
I forgive you father
Your faith causes my end

Fear, grief, shame
I deny the words of god

Fear grief, death
You won't kill me, father

Ah ! The steel in my heart
Ah ! My blood is running

Time has come father
To close your eyes
To watch your last dusk
To leave your pitiful dreams behind

I am not your son
I tasted the serpent's kiss
I laughed at your corpse
I'll spit at your feet

My eyes, wide open,
Behold this vain sacrifice
I reject your repugnant love
Love perverted by Him
