Spirits out of their unconsciousness  
Attracted to the heavenly axis  
Lunatic theogony  
The gods of Atlas have abandoned

Atlas letting muons loose  
Man snake lion horns  
Celestial revolution  
Orphic cosmogony

Born from the stars  
Born from the ashes  
Vertuous flight  
On wings of crime

Our life is a descent from the highest stars  
Orion! See without eyes!  
Nothing but pure light  
Orion! See without eyes!  
Nothing but pure light to see there only darkness

Desillusion is what makes anegel live on  
Auto Katasterismo  
In times to come  
Eternity alone  
That's what the philosopher saw for you

See my heliacal rising when the earth rapes the sky  
Born from the piss and the pit  
I walk upon water when the moon hides the sun  
Born from the piss and the pit

Desillusion is what makes anegel live on  
Auto Katasterismo  
In times to come  
Eternity alone  
That's what the philosopher saw for you

Oh Orion  
Oceans of blackness  
Oh Orion

Eyes that stared at vice

No fight can ever be won  
Battles are always lost  
Why then trying to stare at the sun?  
Tell yourself only lies  
You always fall lower  
Ever wondered why the blind turns his eyes to mars?

I'll be the first to stare at the sun  
I'll blind my eyes to see behind mars

Holy darkness, hiding the blind abyss monster  
Whose skin is white and untouched by the sun  
Crawling in patience and faith, waiting for the light  
To burn it's eyes and devour all meaning

The while snake will rise from the dark  
And hunt those without the original sense

This is the punishment we were programmed for  
In faith is the struggle for sight  
The holy deception, the holy retribution  
In faith is the struggle for sight

Angel of light I have failed  
I did open my eyes  
Orion, Orion, what has been done?

The whole truck is easy, let you see in a blink  
And you'll want to see it again  
Illumination, disillusion  
Addicted to light, the junkie fool of the gods

Our life is a descent from the highest stars  
Orion! See without eyes!  
Nothing but pure light to see there only darkness
