so, this was your life ? let's think about it,
let's take a look back, before you die !
what do you think ? too less, too much ?
was it all right ? was it enough?

too lucky, too depressed ? too quiet, too much stress?

too rich, or too poor ? too safe , too unsure ?
too warm or cold ? too young or too old ?

or was it just all right ???

have you loved enough,
have you hated enough ?
have you worked enough,
have you disturbed enough ?
have you learned enough,
have you created enough ?
have you cried enough,
have you laughed enough ?

no you haven't lived enough !
you have not lived enough !
life ! back to your life !
life ! back to the other side !

do you think it's enough for the end of your life ?
do you think it's this is the right time to die ?
that this is right the moment for a suicide ?

no, I won't let you go, you won't say good bye !

no, you haven't seen enough !
you have not changed enough !
life ! back to your life !
life ! back to the other side !

there's too much to do for you in this world
so come on let's take this second chance
come one let's take this second chance
to start everything new again
and I will let you know, when the time is right

yeah I will let you know, when the time is right

life ! back to your life !

life ! back to the other side !

back to your life !

back to the other side !

back and change your life

back and change your mind

back and change it

back and change it all !
