For all the things inadequate  
Well nobody will be gratified  
Mixed of thoughts of greed, normality  
Massacres of the unfortunate  
The future is, yeah, totally in vague  
Arousing hatred, resentful features

We tear a lot of pictures and the meaning of this life  
in the grave here lays the crystals and here to decide.  
We need the...

Barricade  
Don't complicate your withered mind  
Cause it's a total waste of time  
Total waste of time  
Barricade  
Don't complicate your twisted mind  
Cause it's a total waste of time  
Total waste of time

We leave the crown, pack our things and leave  
So, whom do we seek?  
Pull the trigger of a loaded gun  
Forget everything within a day  
Lost as it was told  
Arousing hatred and resentful features of human  
nature

We burn a lot of pictures and the meaning of this life  
in the grave here lays the crystals and here to decide  
We need the...

Barricade  
Don't complicate your withered mind  
Cause it's a total waste of time  
Total waste of time  
Barricade  
Don't complicate your twisted mind  
Cause it's a total waste of time  
Total waste of time

All the ladders and the stairs we used to climb  
Have vanished in the nick of time, again  
With all the dreams we're craving all this while  
Still there'll be resurrection after all  
It's a total waste of time  
Total waste of time  
It's time for us to put it all behind  
Time for us to put it all behind, away from here...!  
Total waste of time!  
Total waste of time!  
Total waste!  
Total waste!  
Surprised?!

Barricade  
Don't complicate your withered mind  
Draw the line!
