Thinking about how to live and where to find,
The time we wished to clear our minds apart, and why?
Do people looked down on us.
What a waste a waste of time to set things right all the
time,
And how did I, end up in a fight?
What do you ever need? Why can't you quit it all?
What do you ever wished to see?
Keep asking myself oh why...

Do they, come and let us down?
Why do they looked down on us?
Oh why?
Do they come and let us down?

Hey, I'm sick and tired of all this shit,
and all these people are bunch of shit,
Say what? Right now! Go fuck themselves!
Tell me how do I work this out?
Keep asking myself oh why...

Do they, come and let us down?

Why do they looked down on us?
Oh why?
Do they come and let us down?

This is a deadly situation!

How? To put it all behind,
Why, can't we clear these lines?
When will it be over?
Tell me what do you need!

Hey I got a dream of my own,
This whole free spirit and deliberation,
I'm having a stir of misconception,
And I'm never really a goer back then.

Hold on, it has been 5 years now,
since I last prayed to God,
And I guess I'll start pretty soon,

All and all I've been a squirt
so why do I need to make it clear now?

Hey I'm up for the scale now,
This time, I'm calling for diversion now!
Diversion now!
