Catching up with the silence,
Oh the silence of remembrance
Stop calling upon their names,
Not to wait for their call
And it's all for good,
It's all for good
Skipping all the pages,
Truth lies in this vacation
Went through a lot of trouble,
Just to get through the rubble
Apart from you, to be apart from you
I'd paint around my house for good
I'd stay with all my heart not for you
Can't find it, once we leave it,
Leave it all for what

Well I can't stay forever,
All at different phases
Oh what am I thinking?
This situation brought it down for what
What do I get from that?
There must be a reason

I could use some of your pillows,
I'm lying by the beach
With your shadow out of reach,

Shadow out of reach
Hey it's all for good,
To be apart from you
I'd break all the rules not for you
Can't find it,
Once we leave it all for what

Well I can't stay forever,
All at different phases
Oh what am I thinking?
This situation brought it down for what
What do I get from that?
There must be a reason

Would you buy, would you save

For a Hollywood Holiday?
Satisfying as you say
It's a Hollywood Holiday
Hey I can't stay forever,
All day praying to be here
I cannot stay forever

Hate to be here,
Trying to steal
Your precious light for a second
Love to hate you, drive through,
Beneath you, scared to leave
You all I can
