You could see the size of his lies, yet traumatized,
Put yourself in a kind of position, sort of situation,
Where it all, when it all, comes back to life,
The price you pay the grief
and the shattered glass of a fragile piece like you.

Reconcile, can you please just say it, 'hearing for too long'
Reconcile, can you please just tell him, 'been waiting for too long.'

Wish I had known where he had gone, you see,
I'm away from a place where I belong, he spat,
right on your face,
If there's still space, guess it's time to move on.
The price you pay the grief
and the shattered glass of a fragile piece like you.
Reconcile, can you please just say it, 'hearing for too long,'
Reconcile, if you feel like leaving, 'been waiting for too long.'

Hey lover, she can't save herself,
Why won't you leave all you can?
Some way's different on,
Some way's different on the other hand.
Hey lover, she can't save herself,
Why won't you leave all you can?
Some way's different on,
Some way's different on the other hand.

Na, na, na, na, na, na, na,
Na, na, na, na, na, na, na,
Na, na, na, na'Na, na, na, na,
Let's go!
