So, what happens when, you're not like the rest?  
Just be your best, it's the least they expect.  
So what happens when, the east meets the west?  
A full culture clash, it's what we do best...

All access pass to the top of the world.  
First class jet lag, in the hand of a girl.  
Free fly demise, bring me up to size...  
When all fun turns work, would you really think twice?

Wake up to a different sunrise,  
Show me the world from your eyes...

So what happens when, the east meets the west?  
A full culture clash, it's what we do best...

[Chorus]  
Would you really think twice?

So what happens next?  
Not like the rest,  
So what happens next?  
Just like the rest.

[Chorus]
