When the sun has broken out
Fully round in an orange sky
Away ame wa kiri no you ni amaku dry town
Sono aoi umi ni ukabu shine
Ano awai iro ni yuragu cloud
Away kaze ga hate de yume ni naru hard rain
Every little shining star
Tomodonaku sono mi wa
Joukei nureshi hi no bright stone senmei na
Twinkles in the dawn sky
Sou ai wo motsu sono sora no ue
As they wait for love
Fly away, high away
Still the moonlight
Fly away, high away
Sailing nowhere
Always got to be there
If you don't run
Waning moon
Above this town
When the sun is hidden by
The fully rounded yellow moon
Away kage wa kiri no you ni amaku joy town
Ima kureru ma ni tokeru shine
Ano akai oka ni mieru cloud
Away kaze ga hate de oto ni naru dry town
Every little shining eyes
Tsuki wo omou sono me wa
Toumei na iro no uta yo dreaming senmei na
Twinkles in the dark sky
Sou ai wo motsu sono sora no ue
As they long for love
Fly away, high away
Still the moonlight
Fly away, high away
Sailing nowhere
Always got to be there
If you don't run
Waning moon
Above this town...
