so long my memories
all beneath my love
siren then silence
far, I hear the voice

so calm. I'm going down
gently inside

daydream of the neverland
far, I close my eyes

so slow. I'm going down
deep inside

* oh wish of the darkness
oh silently falling
into the light
the way from the darkness
to neverland

so long my melodies
all behind my words
shadows of the silence
hide my time away

slow down, calling my heart
moving inside

* repeat

hold on...

daydream of shadow and light (x6)
so long all my memories gone
daydream of shadow and light

so long my memories
all beneath my love
siren then silence
far, I heard the voice

so calm, I'm going down
gently inside

oh wish of the darkness
oh silently falling
oh wish of the darkness
into the light
the way from the darkness
to neverland
