Kaze no keeper mune ni yadoru light  
Kienai saasu e tada take a run  
Kanaderu rage oto mo nashi ni fade  
Akumei de ii sayou go along  
Stone in silencekanashimi o terase  
Yamanu flavor wa meguru fate  
You lean on, you go on  
Oh, nothing's done  
Mou tada yureru sora to downcast sight  
As ever, stand hard, she'd the lights  
Stone in silence karenu me o sarase  
Stand foreveritami aru moto e  
Kimi wa ima tada omoi shiru Standing Bird  
\* wake up your sorrow, from the "deep narrow"  
Oh, sainamu wa pleasure kiri no mukou Eden  
Ai.ja soba ni inai somewhat of "ride and roll"  
Owaranai sa reach another star  
Green light, untied, high tide, breaking the wind  
Owaranai keep believing star  
Stand hard, she'd the lights, hang by, a way behind  
Stand forever hikari aru moto e  
Refraining voices aretouhou mo naku killing the time  
Toki wa ima tada omoishiru Standing Bird  
\* repeat  
\*\* wake up your sorrow, from the "deep narrow"  
Oh, saihate no heart zensen no ue no "ride and roll"  
Ai.ja soba ni inai somewhat of "ride and roll"  
\* repeat  
\*\* repeat
